AVOID THAT NEXT-DAY PHONE CALL AND BE PART OF THE STORY  
Swing was alive and well in NEPA last weekend when the polished Mark Mack Orchestra rocked the dancefloor at Nightcap's.

## BIG MACK ATTACK

Swing might have been the only thing thicker than gourmet cigar smoke as Mark Mack and his stellar orchestra turned Edwardsville's Nightcap's club into The Sands last Saturday.

At his benefit CD release party for the Make-A-Wish Foundation, Mack & Co. handed over fishbowls of money to the cause, and his valued guests stayed the duration ... each hoping to take home a Cancun vacation from the charity prize raffle.

It was a truly sharp-dressed crowd of local business owners, attorneys, and quite possibly the most outrageous blouse we've ever seen (see top right). The pasta was plentiful and the shrimp rocked, just not as hard as the tunes.

If you're 30-something in NEPA, watch for Mark Mack twice a month at Nightcap's in the new year.
